Black in PoLS:

supporting & celebrating
Black scientists in Physics of
Living Systems research

ILLINOIS
Physics
COLLEGE OF ENGINEERING

Join us for the 2021 Physics of Living Systems Education Meeting to learn more about how we can better support Black scientists in the field. Faculty, postdocs, graduate students, undergrads, and K-12 educators are encouraged to attend.

Friday, March 12, 1:30 - 5pm Eastern - join us for short talks by leaders from academia and industry on how to implement the American Institute of Physics TEAM UP recommendations on systemic changes to increase African Americans with bachelor's degrees in physics and astronomy. **Saturday March 13, 1 - 4pm Eastern** - mentoring workshops for students

Organizers: Fisk University Department of Computer Science & Mathematics Spelman College Department of Physics, University of Houston Office of the Provost, University of Illinois at Urbana Champaign Department of Physics and Center for the Physics of Living Cells, Rice University Department of Physics and the Center for Theoretical Biological Physics
